May 2015

Greetings and Happy Spring,

I am proud to present to you the First Edition of the **2015 Senior Citizen Resource Guide**, a comprehensive publication that is designed to provide an easy reference to a wide variety of information for both senior citizens, their families and caregivers.

This resource guide serves as a vital tool that will improve the quality of life for our seniors by taking advantage of the many benefits and programs that are available to them, often at little or no cost. I would like to express my appreciation to the members of the Town of Riverhead's Senior Citizen Advisory Council for compiling the information and whose hard work and expertise are evident throughout the resource guide.

Please remember that our Senior Citizen Department maintains an extensive information system of additional resources as well and encourages inquiries. If you are not sure who to contact for specific information or a particular service, they will help identify your need, arrange services if possible, or refer you to an agency that can provide the appropriate assistance. The center also has a "Senior Advocate" who can assist you in the process. We welcome you to contact the Senior Center if you have any questions or if you are aware of any changes or updates for the guide. You can reach our Senior Center at (631) 722-4444.

It is my sincere pleasure to serve our town's senior population who has, over the years, made our town such a great place to live, work and raise a family. Our seniors are among our most valuable populations - we value them for their knowledge, wisdom and expertise. It is my hope that this resource guide will help make their lives a little easier.

Sincerely yours,

Sean M. Walter
Town Supervisor

EMERGENCY PREPAREDNESS - TOWN OF RIVERHEAD

EMERGENCY PREPAREDNESS INFORMATION OR QUESTIONS CALL: (631) 727-4500 EXT. 315

CREATE AN EMERGENCY PLAN

- Meet with household members to discuss the dangers of fire, severe weather and other emergencies.
- Discuss how to respond to each disaster that could occur.
- Discuss what to do about power outages and personal injuries.
- Draw a floor plan of your home and mark 2 escape routes from each room.
- Learn how to turn off water, gas and electricity at main switch.
- Post emergency telephone numbers.
- Teach children how to make long distance telephone calls.
- Pick 2 meeting places:
 - Near your home in case of fire.
 - Outside your neighborhood in case you cannot return home after a disaster.
- Take a basic First Aid and CPR class.
- Keep family records in a water and fireproof container.

PREPARE A DISASTER SUPPLIES KIT - Include the following:

- A supply of water equaling one gallon per person per day. Store the water in sealed, unbreakable containers.
- A supply of non-perishable packaged or canned food and a non-electric can opener.
- A change of clothing, rain gear and sturdy shoes.
- Blankets or sleeping bags.
- A first aid kit and prescription medication.
- A battery powered radio, flashlight and extra batteries.
- Credit cards and cash.
- An extra set of car keys.
- A list of family physicians.
- A list of important family information.
- Special items for infants, elderly or disabled family members.

PLAN AHEAD FOR PET SHELTERING

When disaster strikes and you must evacuate, the most important thing you can do for your pets is to have a plan for their safety too. Pets are not allowed in public shelters in Suffolk County for health and space reasons. The Town's animal shelter is not equipped or large enough to handle the sheltering of animals during a disaster. Therefore, it is incumbent on the owner to find a shelter for their pet during a disaster. It is as easy as 1, 2, and 3.

1. Identify a Shelter

Don't wait for the disaster to be here. Find out now where you will take your pet. Check with local kennels, veterinarians and motels/hotels that are pet friendly.

2. Plan a Pet Disaster Supply Kit

- Proper identification including immunization records.
- Ample supply of food and water with bowls.
- A carrier or cage that locks securely.
- Newspaper or trash bags for cleanup.
- Medications with specific care instructions.
- Muzzle, collar and leash.
- First Aid Kit.

3. Stay Informed and be Prepared to Leave. If you are sheltering your pet, do so well before the storm arrives and don't forget your supply kit.

A. TIME TO SHELTER

Before

- Make sure that your pets are current on their vaccinations. Pet shelters may require proof of vaccines.
- Have a current photograph of you and your pet.
- Keep a collar, with a securely attached identification tag, on your pet and have a leash on hand to control your pet.
- Have a properly sized pet carrier for each animal. Carriers should be large enough for the animal to stand and turn around in.
- Plan your evacuation strategy and don't forget your pet! Specialized pet shelters, kennels, veterinary clinics and friends and relatives who are out of harm's way are ALL potential refuges for your pet during a disaster.

During

- Animals brought to a pet shelter are required to have: Proper identification collar and rabies tag, proper identification on all belongings, a carrier or cage, a leash, an ample supply of food and water, food bowls, any necessary medications, specific care instructions and newspapers or trash bags for cleanup.

TOWN OF RIVERHEAD EMERGENCY PREPAREDNESS cont'd

- Bring pets indoors well in advance of a storm. Reassure them and remain calm.
- Pet shelters will be filled on a first-come, first-served basis. Make sure to call ahead and determine availability.

After

- Walk pets on a leash until they become re-oriented to their home.
- Often familiar scents and landmarks may be altered and pets could easily be confused and become lost. Also, downed power lines and debris can all pose a threat for animals after a disaster.
- If pets cannot be found after a disaster, contact the Town's Animal Control Office at 369-6189 to find out where lost animals can be recovered. Bring along a picture of your pet if possible.
- After a disaster, animals can become aggressive or defensive. Monitor their behavior.

B. WHAT TO DO IF YOU MUST LEAVE YOUR PET AT HOME DURING A DISASTER

- Confine your pet to inside your house, but not the basement.
- Leave them loose with plenty of food and water.
- For a water supply, brace an accessible bathroom door open, remove the tank lid and raise the seat.
- Place a visible notice by the front door stating what animals are inside and where they can be located. Include where you can be located, your cell number and the veterinarian's name and telephone number.

Supervisor Sean Walter

Preparations for hurricanes are best made in advance. A major storm is overdue. The devastation caused by storms, such as Katrina, requires us to be prepared for hurricanes and major storms. The Town of Riverhead is ready for such emergencies. We want to encourage all residents and visitors to get ready by following three simple preparation rules:

1. **PLAN**
2. **PACK**
3. **PAY ATTENTION**

This brochure provides you with the basic steps you can take to help you and your family weather the storm. Additional information is on our website under Emergency Information (on the left) and under Emergency Preparedness.

Take a few moments now to organize your response, assess your property and listen to officials when the storm comes. Any time spent now on emergency preparedness will be extremely beneficial to you and your loved ones.

Pet Owners

Identify a Shelter
 Don't wait for the disaster to be here. Find out now where you will take your pet. Check with local kennels, veterinarians and motels or hotels that are pet friendly. For more information on sheltering g pets visit www.suffolkspca.org or call 382-SPCA.

Plan a Pet Disaster Supply Kit

- Proper identification including immunization records.
- Ample supply of food and water with bowls.
- A carrier or cage that locks securely.
- Newspaper or trash bags for clean-up.
- Medications with specific care instructions.
- Muzzle, collar and leash.
- First Aid Kit.

Stay Informed and Be Prepared to Leave

If you are sheltering your pet, do so well before the storm arrives and don't forget your supply kit.

After the Storm

Listen to your local officials. Only return to areas that have been evacuated when told to do so. Use extreme caution. Document all damage with photos if possible.

SUFFOLK COUNTY EMERGENCY PREPAREDNESS REGISTRY

The Suffolk County Office of Emergency Management has expanded the Special Needs Registry into a countywide registry for ALL residents to include those with special and/or functional medical needs. This secured encrypted registry is voluntary and free. It is designed to assist first responders and emergency planners in identifying those residents that may need assistance in evacuating and special sheltering during an emergency so that they may develop the necessary plans. It will also aid emergency planners in the development of shelter plans for those residents with Special and Functional Medical Needs, while enhancing communication to the end user and their emergency contacts.

What is the Suffolk County Emergency Preparedness Registry?

The Emergency Preparedness Registry has been established to collect information emergency responders will need to help locate and evacuate people with Special Needs or high risks during an emergency, especially when a family, caregiver or others are unable to help them.

PLEASE NOTE: THIS PROGRAM WAS FORMALLY KNOWN AS THE "JOINT EMERGENCY EVACUATION PROGRAM (JEEP) & SPECIAL NEEDS REGISTRY" AND IN SOME CASES THIS NAME IS STILL USED.

Who should register?

You (or someone on your behalf) should register if you may find it difficult to get to safety with family or friends or to a public shelter during an emergency evacuation, because of a physical or cognitive limitation, language barrier, or lack of transportation. Remember, your priority should be to relocate with a family member or friend first.

The registration Web site allows all residents and specifically those with greatest risks, special needs and their families, friends and associates an opportunity to provide information to emergency response agencies, so emergency responders can better plan to serve them in a disaster or other emergency. The information collected here is confidential and will not be available to the public. The information will be held securely and only used for emergency response and planning. Please be as complete as possible in your responses. You will be contacted occasionally to ensure the information is correct and to make any necessary changes.

Why should you register?

- **To be notified by local officials when an evacuation has been ordered.**
- **IT MAY SAVE YOUR LIFE!**

The first line of defense against the effects of a disaster is personal preparedness. During an emergency, the government and other agencies may not be able to meet your needs. It is important for all citizens to make their own emergency plans and prepare for their own care and safety in an emergency.

Email any questions concerns or comments: SuffolkJeep@suffolkcountyny.gov. Note you may register online or by submitting the paper registration form.

****SUFFOLK COUNTY SPECIAL NEEDS REGISTRY APPLICATION SEE APPENDIX B.**

SUFFOLK COUNTY EMERGENCY PET FRIENDLY SHELTER INFORMATION

In the event of an evacuation or emergency, Suffolk County provides a Pet Friendly Shelter where **you and your pet** can go. The shelter is available for **DOGS, CATS AND BIRDS ONLY**. ***NO REPTILES, EXOTICS OR FARM ANIMALS ARE ALLOWED.***

What is a Pet Friendly Shelter?

A pet friendly shelter is defined as a location where the pet owners and their pets can be housed together or where the pets are adjacent to the owner's shelter. This type of sheltering enables the owner to be care for their pet.

Who can I expect to see at a Pet Friendly Shelter?

Suffolk County CERT (Community Emergency Response Team) Volunteers and Suffolk County Employee Volunteers trained in Shelter Operations and Management will be responsible for managing the human portion of the Pet Friendly Shelter.

The Suffolk County Society for the Prevention of Cruelty to Animals (SC SPCA) will be responsible for managing the pet portion of the Pet Friendly Shelter as per the "Suffolk County Society for the Prevention of Cruelty to Animals Pet Friendly Sheltering Plan."

What you will need to bring with you (and your family):

When you arrive at the shelter you and your other family members should have the following items with you:

- Photo ID.
- Medications.
- Photo copies of important documents such as insurance policies, prescriptions, identification, credit cards.
- Sanitation and hygiene items.
- Cash in small denominations.
- Battery powered/crank AM/FM/Weather Band radio with extra batteries.
- Flashlight with extra batteries.
- Basic First Aid Kit.
- Bedding and extra clothing.
- Items for infants.

What you will need to bring for your pets:

When you bring your pets to a designated pet friendly shelter you must have the following with you clearly marked with the owners and pets identification (including cage/carrier):

- Written proof of vaccinations from your veterinarian during the past 12 months.
- Proper ID collar and up to date rabies tag.

SUFFOLK COUNTY EMERGENCY PET FRIENDLY SHELTER INFORMATION cont'd

- Carrier or cage of sufficient size for the pet to stand, stretch and turn around.
- A blanket or bed (that will fit in the cage) to keep your pet comfortable.
- Leash and muzzle to help control your pet.
- Ample food and water supply.
- Food and water bowls.
- Any necessary medications and copies of medical records.
- Newspapers, kitty litter, plastic disposable gloves and trash bags for handling waste.
- A litter box for cats.
- A cover for cat and bird carriers/cages.
- Your pet's favorite toy

What should I expect?

Upon arrival, your pet will be examined by a veterinarian to insure that your pet's shots and vaccinations are current and that your pet is in good health and not a threat to the other animals in the shelter. Once accepted and registered into the shelter, you will be given a location to place your pet's cage/carrier and provided with a schedule to feed your pet and attend to your pet's needs. You will also be provided with the shelter rules and assigned a dormitory.

EMERGENCY PROGRAMS

PROJECT LIFESAVER

In an emergency, caregivers must immediately notify the Suffolk County Sheriff's Office Project Lifesaver Emergency Response Line at 631-852-2791, and dial "911."

How to enroll in Project Lifesaver

Enrollment applications can be obtained by calling (631) 852-3003. Your enrollment application must be completed and submitted to the Suffolk County Sheriff's Office at 100 Center Drive, Riverhead, N.Y. 11901. Once your application is reviewed, an appointment will be made for a home visit by a Project Lifesaver specialist from the Sheriff's Office.

How to purchase the project lifesaver equipment

The purchase of enrollment equipment is coordinated through the Sheriff's Office once the client's application is approved.

Cost to Enroll

The transmitter, transmitter case, transmitter tester, battery and wristband costs \$300.00 (approximately), plus tax & shipping. The battery and wristband has to be changed monthly and a new battery and wristband installed. This costs about \$10.00 each month.

Monthly Maintenance

Monthly and/or yearly battery and wristband purchases may be requested by calling the Suffolk County Sheriff's Office at (631) 852-3003. You may also contact any other registered Project Lifesaver International sponsor, or care facility.

EMERGENCY PROGRAMS - PROJECT LIFESAVER cont'd

Frequently Asked Questions

What is Project Lifesaver?

Project Lifesaver is a rapid-response program that aids clients (and their families) who wander as a result of cognitive impairments, or other afflictions.

Who sponsors Project Lifesaver?

Project Lifesaver is sponsored by the Suffolk County Sheriff's Office.

How does Project Lifesaver work?

The program combines technology and specially trained Sheriff's Deputies to locate individuals who have wandered. Project Lifesaver clients wear a "watch-type" wristband transmitter (worn on the wrist, ankle or as a necklace), which emits a tracking signal. When a caregiver calls the Suffolk County Sheriff's Office Project Lifesaver line to report that a client has wandered, a search team responds to the wanderer's area and, while in route, activates the vehicles mobile locator tracking system. A hand-held unit is used to search for clients in areas inaccessible by vehicles.

How much does Project Lifesaver cost?

There is a one-time cost of approximately \$300 (plus tax and shipping) for the transmitter, tester, battery and wristband strap.

How long does it take to enroll in Project Lifesaver?

Applications can be requested by calling 631-852-3003. A Sheriff's Deputy will then meet with the potential client/caregiver/family member making certain that the area is safe for the potential client and to assist with the necessary paperwork and instructions.

How long does it take for the Project Lifesaver program to begin?

Once you have met with a member of the Project Lifesaver Bureau and have the necessary equipment (transmitters take up to 2-4 weeks to ship), the program starts immediately.

Project Lifesaver Bringing Loved Ones Home

How is the initial equipment purchased?

The purchase of Enrollment Equipment (Part #: LST.1.1 (216) is coordinated through the Sheriff's Office once the client's application is approved.

How is monthly maintenance equipment purchased?

Caregiver purchase requests for batteries and wristbands, for monthly maintenance can be obtained by calling 631-852-3003, or by email at: lifesaver@suffolkcountyny.gov, or through a registered Project Lifesaver International sponsor, or care facility.

What happens if someone wanders?

Caregivers must immediately notify the Suffolk County Sheriff's Office Project Lifesaver emergency response line (631-852-2791), and dial "911."

EMERGENCY PROGRAMS - PROJECT LIFESAVER cont'd

How long does it take to locate a missing client?

Nationally, response times vary, but average under 30 minutes.

How frequently should a transmitter battery be changed?

Batteries emit a signal every second (24/7) and must be changed monthly.

Is the transmitter waterproof?

Yes. Clients can shower and swim while wearing the transmitter.

Is the client's transmitting equipment covered by insurance as a medical necessity?

Check with your insurance carrier. If necessary, Sheriff Vincent F. DeMarco can provide documentation to the insurance carrier that the client in question is enrolled in the Suffolk County Sheriff's Office Project Lifesaver Program.

What happens if something goes wrong with my equipment?

Call the Sheriff's Office Project Lifesaver line immediately (631-852-2791).

What happens if the transmitter is lost?

Call the Sheriff's Office Project Lifesaver line immediately (631-852-2791).

Are there other Project Lifesaver programs?

Project Lifesaver began in the Sheriff's Office, Chesapeake, Virginia in 1999 and is now in over 1,300 Sheriff and Police agencies across the United States, Canada and Australia.

Is there a guarantee that a person wearing a Project Lifesaver transmitter will be located?

Client searches involve different variables and incidents are unpredictable. In over 1,900 reported searches, Project Lifesaver agencies have achieved a 100% success rate. The Sheriff's Office feels Project Lifesaver equipment and established procedures greatly increases the likelihood of "Bringing Your Loved Ones Home" safely.

MEDICAL I.D. CARD PROGRAM

The Sheriff's Office regularly visits senior centers, VFW halls and other community groups to provide emergency medical alert ID cards. The cards contain important information such as their identity, personal doctors, next of kin, medical conditions and medications, and who to contact in case of an emergency. The cards are meant to be carried at all times to assist emergency services personnel in providing the best possible care in the event the individual is unable to communicate their needs and other critical information*.

Contact: (631)852-2206

* While the cards may help in an emergency, they cannot be used for official identification purposes since they are only as accurate as the information provided by the applicant. The County of Suffolk, the Office of the Suffolk County Sheriff and his Deputies and Officers cannot be held responsible for any inaccurate information.

YELLOW DOT PROGRAM

The Suffolk County Sheriff's Office, in conjunction with the New York State Sheriffs' Association, are pleased to offer the Yellow Dot program to Suffolk County residents free-of-charge. ***The Yellow Dot program is designed to help first responders provide life-saving medical attention during that first "golden hour" after a crash or other emergency.***

A Yellow Dot decal on the driver's-side rear window of your vehicle will alert first responders that vital medical information is stored in the glove compartment.

How Yellow Dot Works:

Each Yellow Dot kit contains a personal information card and a Yellow Dot decal.

- Complete both sides of the personal information card as fully as possible, in pencil. Attach a recent photo of yourself and place it in a visible location in your car's glove compartment.
- Complete one card for each person who regularly occupies the vehicle. See below to request additional medical information forms.
- Place the Yellow Dot decal on the rear driver's side window to alert first responders to look in the glove compartment for your medical information.
- Update the card annually yourself or bring it to your annual medical check-up. If you sell your car, remove the Yellow Dot sticker.

To request a Yellow Dot kit, call the Sheriff's Office at (631) 852-2663. Yellow Dot kits are also available in many local New York State Assembly offices throughout Suffolk County. Call your local Assembly Member to inquire.
